

## A GLORIOUS VICTORY.

The people have spoken. Cleveland and the Democratic party have been relegated to obscurity, and Harrison and the Republicans again intrusted with the administration of affairs. It is clearly evident that New York and every Northern State, except New Jersey, has declared against the Solid South.

Nevada has been true to itself, and Washoe county is the banner Republican county.

## SAVED HIS SON'S LIFE.

How the Murder of Young Quay Was Prevented.

NEW YORK, November 4th.—When Senator Quay was elected and accepted the position of Chairman of the National Republican Committee he saved the life of his son Dick. That this is true there is no manner of doubt. To-night Senator Quay received a letter from a friend in Arizona to the effect that John C. McCartney has been murdered, on a ranch in the State of Sonora, Mexico, on the night of Oct. 8. McCartney was a young Pennsylvanian and a native of Lancaster county.

Some time ago Richard P. Quay and three other gentlemen, one of whom was Senator Cameron, purchased a ranch in Sonora. It was the intention of young Quay to leave for Mexico in September with McCartney, who had been engaged to look after the property. The election of the Senator put an end for the time being to his son's intention to go to Mexico instead of McCartney. A round up and a transfer of cattle was to have taken place on the 11th inst., but on the 8th McCartney was murdered at Santa Ana station. Had Dick Quay been with him as was originally intended, he too, doubtless, would have been killed. No facts as to the crime were given in the letter of to-day.

The annual report of General Rosecrans, Register of the Treasury, shows that during the year there were issued 26,598 United States bonds, amounting to \$114,000,000, and were canceled 72,135 bonds, amounting to \$183,000,000; of registered bonds there were outstanding, July 1, 1883, \$610,000,000 of the 4 1/2 per cents, \$190,000,000 of the 3 per cents, and \$64,000,000 of Pacific railway bonds. Of this total, there are held by foreign owners only \$16,500,000, or about 1 per cent; by the Treasurer of the United States in trust for National banks, \$23,000,000; and by domestic owners, \$624,000,000. Insurance companies hold in round numbers \$47,000,000; savings banks institutions etc., hold \$101,000,000, and individuals, trustees, etc., \$386,000,000, or an average of \$8,754 to each holder. The report shows that the interest-bearing debt of 1865 has been reduced 47.42 per cent in the past twenty-three years, or at the rate of 2.371 per cent per annum, while in the past three years the decrease in the same was 10.23 per cent, or at the rate of 3.426 per cent per annum.

Adjutant-General Drum, who goes on the retired list at the end of next May, has already given up, to a large extent, the duties of his office, and evidently does not intend to labor very hard during the remainder of his term of active service as an officer of the army. He has divided up the duties of his office between two of his principal subordinates, General Kelton and General McKeever, giving General Kelton control of all matters relating to the regular army, and placing a large amount of work relative to volunteer and pension matters in the hands of General McKeever, who has just been sent here from the Pacific Coast. General Kelton, who is the senior officer, will undoubtedly be the next Adjutant-General, but General McKeever is also an aspirant for the place. During the next six months, at any rate, General Kelton will be practically Adjutant-General of the army. General Drum has become President of the Tonopah Town street railroad, and will have plenty of business to engage his attention when he goes on the retired list.

From a statement prepared by Supervising Special Agent Jewell of the Treasury Department, it appears that the total collection from customs during the last fiscal year amounting to \$220,301,183, and that the cost of collection was \$6,502,879. The collections show an increase, as compared with the preceding year, of \$1,633,101. The per cent of the cost of collection was 2.9 per cent. The total value of the goods forwarded under the Immediate Transportation Act was \$28,921,395, which is an increase of about \$2,000,000 as compared with last year, and of \$9,000,000 compared with 1883.

## HARRISON &amp; MORTON

## GRAND REPUBLICAN VICTORY.

Every Northern State Except New Jersey.

The following telegraphic bulletins explain the situation up to a late hour last night, and indicate a glorious Republican victory:

SACRAMENTO, Nov. 6.—The election is proceeding quietly. The weather was pleasant up to noon. The vote is light, the heavy voting usually being done in the afternoon.

HARTFORD, Nov. 6th.—A very large vote is being polled; some of the wards having half their lists checked by 11 o'clock. The Republicans are voting their full strength early, with a good chance of reducing the usual Democratic majority.

CHATTANOOGA, Nov. 6.—Weather cloudy. Full vote is being cast. The party lines are strictly adhered to. Limited polling precincts create a fear that all the votes cannot be deposited.

RALEIGH, N. C., Nov. 6.—The weather is fair and the voting is going on quietly throughout the State. The probable vote very heavy.

BALTIMORE, Nov. 6.—The weather is warm and clear. Many arrests for illegal registration and fraudulent voting, mostly colored men. The indications show an unexpectedly large vote.

PORTLAND, Nov. 6.—Dispatches from various points in the State indicate a very quiet election, with a falling off of about one-third in the general vote as compared with the September election.

SAN FRANCISCO, Nov. 6—3:05 P. M.—Reports from the East show generally unfavorable weather, notwithstanding which an unusually heavy vote is being polled. Both Republican and Democratic parties claim this as favorable indication. In New York the Democrats are confident, and the Republicans the same. In the city Cleveland is being traded for Hill and Hewett.

NEW HAVEN, Conn., Nov. 6.—Cleveland seems to be polling the usual Democratic majority.

MILWAUKEE, Wis., Nov. 6.—Harrison electors are receiving full Republican vote. The Republican candidate for Governor is running ahead of his ticket.

In California the weather is fine. A heavy vote is being polled. The Republicans are confident and the Democrats are not without hope.

Nevada is polling a full vote. The Republicans claim the State is safe for Harrison.

NEW YORK, Nov. 6—3:35 P. M.—The afternoon papers say Cleveland is being unified in some districts. Harrison is oddly supported by Democrats—Tammay as well as county accused. The Democrats claim that trading has been checked. The Mail and Express (Rep) has the head-lines, "Democrats on the run." "It Looks Like Harrison."

INDIANAPOLIS, Ind., Nov. 6—4:15 P. M.—Great enthusiasm at Republican headquarters. Republicans claim the State by 10,000. The Democratic managers are equally positive it is safe for Cleveland.

NEW YORK, NOVEMBER 6th, 8 P. M.—Cleveland's plurality in the city is claimed to be 48,000. The Democrats claim Connecticut but give no figures. Both sides claim New Jersey. Nothing definite from five Atlantic States considered doubtful.

NEW YORK, Nov. 6.—From Democratic sources Kings county is safe for 22,000 majority for Cleveland. The indications are that Richmond county is for Cleveland by 25,000 majority, a gain of 500 over 1884. From Republican sources Republicans are gaining ground. The Prohibition vote is lighter than in 1884. Interest intense and increasing. It is to be expected that Harrison will make gains in every county except one.

NEWARK, N. J.—The Democratic headquarters report Cleveland's plurality in the State of New Jersey at 8,000.

DES MOINES, Iowa, Nov. 6.—There are 1,800 voting precincts in Iowa. The comparison on the vote will be made with the vote of 1887 on Governor which was as follows: Larabee, Rep., 16,908; Anderson 14,999. Twenty precincts, Harrison 3,175, Cleveland 2,069, Fisk 76. Same precincts in 1887 gave Larabee 2,650, Anderson 1,760. Net Republican gain 1,331.

BROOKLYN, Nov. 6.—Out of 70 districts Cleveland receives 76,578, Harrison 65,074, Fisk 75. For Governor 200 districts, Hill 63,702, Miller 49,823, Jones 903. The New York Sun's bulletin says, "Hill's majority in New York city is 65,000."

NEW YORK, Nov. 6.—The Tribune Bulletin says Indiana returns indicate that Harrison has made gains in every county except one.

NEW YORK, Nov. 6.—Two hundred and seventy-three election districts in this city give Harrison 30,357, Cleveland 45,576. Later, 407 districts give Harrison 46,733, Cleveland 71,112.

Five hundred and sixty out of 855 election districts in New York City give Harrison 65,591, Cleveland 102,146, Fisk 694.

NEW YORK, Nov. 6, 10:30—National

Democratic news from New Jersey is

extremely favorable. At Camden a gain

of an Assemblyman is accounted cer-

tain. There is no discouraging news

from any quarter. A careful inspection

of the condition of the densely popu-

lated districts on the east and west sides

of this city show a perfectly straight

line with three-fifths of the total vote

already polled. These are the severest

Democratic districts south of Harlem.

CHICAGO, Nov. 6—5:35 P. M.—A spec-

ial from New York says Chairman Quay

has just telegraphed General Harrison

is follows: "We have carried New York

and Connecticut and your election is

assured. (Signed.)

MATTHEW S. QUAY.

NEW YORK, Nov. 6.—Twenty-eight

election districts in New York and

King county give Cleveland 3,917, Har-

rison 5,734, Fisk 244. Same districts in

1884 gave Cleveland 5,003, Blaine 5,953, St. John 324. Six hundred and thirty out of 859 election districts in New York City give Harrison 78,367, Cleveland 119,265, Fisk 845.

Thirty-eight election districts in New York State, outside of New York City and Kings county give Cleveland 5,751, Harrison 7,765, Fisk 384.

One hundred and forty-one districts out of 375 in Brooklyn give Cleveland 30,762, Harrison 24,770, Fisk 372, Streeter 34.

Seven election districts of the town of Ithaca—complete—give Cleveland 31 plurality against 27 in 1884.

One hundred districts out of 375 election districts in Brooklyn give Cleveland 21,642, Harrison 17,618, Fisk 263, Streeter 13.

NEW YORK, Nov. 6.—Eighty-three election districts in New York State outside of New York city and Kings county gave Cleveland 13,021, Harrison 17,339, Fisk 887. Same districts in 1884 gave Cleveland 14,185, Blaine 17,370, St. John 849.

NEW YORK, Nov. 6.—Seven hundred and ninety out of 856 districts give Cleveland 147,040, Harrison 95,605, Fisk 1,075.

NEW YORK, Nov. 6.—One hundred and forty-three election districts in New York, outside of New York city and Kings county give Cleveland 24,640, Harrison 32,714, Fisk 1,613. Same districts in 1884 gave Cleveland 25,695, Blaine 31,532, St. John 1,583.

Harrison's plurality exceeds Blaine's in Colorado and Harrison carries Nevada by 1,500 plurality. Boston has gone Democratic by 10,000.

IN NEW YORK CITY 800 out of 856 districts give Cleveland 149,011, Harrison 98,905, Fisk 1,088.

IN RALEIGH, N. C., the election passes off quietly. The returns are meagre, but show Democratic gains.

One hundred and sixty-four election districts in New York outside of New York City and Kings county give Cleveland 28,282, Harrison 38,069.

Two hundred and forty districts in Brooklyn out of 375, give Cleveland 52,225, Harrison 43,455, Fisk 613.

The New York Herald's bulletin says "Speaker Carlile re-elected by handsome majority." The Sun's bulletin says "Cleveland carried his own district in Buffalo, New York, by 42 majority.

Two hundred election districts in New York, outside of New York city and Kings county give Cleveland 34,397, Harrison 46,610, Fisk 2,538. Same districts in 1884 gave Cleveland 34,550, Blaine 43,901, St. John 2,282.

Out of 856 election districts Cleveland receives 154,099, Harrison 99,949, Fisk 1,151. There are 2,108 election districts in this State outside of New York city and Kings county.

HARTFORD, Conn., Nov. 6.—One hundred and twenty towns show Republican gains of 326 over the vote of 1884.

WHEELING, W. Va., November 6.—Probably be midnight before anything definite.

HARTFORD, Nov. 6.—Fifty-eight towns show a net gain of 1,484 for Harrison.

BOSTON, Nov. 6.—Eighty towns in Maine give Harrison 26,674, Cleveland 18,467, Fisk 995. Same districts in 1884 gave Blaine 25,733, Cleveland 17,857, St. John 813. Harrison's plurality is 9,207 against Blaine's 8,876. Republican gain 1,331.

BROOKLYN, Nov. 6.—Out of 70 districts Cleveland receives 76,578, Harrison 65,074, Fisk 75. For Governor 200 districts, Hill 63,702, Miller 49,823, Jones 903. The New York Sun's bulletin says, "Hill's majority in New York city is 65,000."

NEW YORK, Nov. 6.—The Tribune Bulletin says Indiana returns indicate that Harrison has made gains in every county except one.

NEWARK, N. J.—The Democratic headquarters report Cleveland's plurality in the State of New Jersey at 8,000.

DESMOINES, Iowa, Nov. 6.—There are 1,800 voting precincts in Iowa. The comparison on the vote will be made with the vote of 1887 on Governor which was as follows: Larabee, Rep., 16,908; Anderson 14,999. Twenty precincts, Harrison 3,175, Cleveland 2,069, Fisk 76. Same precincts in 1887 gave Larabee 2,650, Anderson 1,760. Net Republican gain 1,331.

Messrs. Rabbitt & Doherty, the former an expert in the employ of Senator Jones, of Nevada, have bonded the Swiss Bar mine at Klamath river, with intention of working it in a different manner from the way river mines are worked here. They will sink a shaft to bed-rock during this Fall and Winter to prospect for the pay channel, and next Spring put in wing dams, with apparatus to be worked by steam engine in place of requiring so many current wheels.

All the river claims at the Klamath are still being worked with excellent success, and considerable gold will yet be taken out before the Winter storms commence. A rich strike of quartz has been found by a man named Balick, the ledge being about three feet wide and located in the gulch west of the old trail leading from Yreka to Humbug creek. The quartz prospects from \$10 to \$16 a ton in the croppings, and may pay better when further developed.

The miners in the dry diggings are making preparations for work as soon as the Winter storms commence, by getting out a great quantity of pay gravel to run through the sluices. The hydraulic miners are also fixing up ditches and pipes to commence operations as soon as the ditches can obtain sufficient water.—Yreka Journal.

The points of an oyster are, first, the shape, which should resemble the petal of a rose leaf. Next the thickness of the shell; a thorough-bred should have a shell like thin china. It should also possess an almost metallic ring and peculiar opalescent lustre on the inner side. The hollow for the animal should resemble an egg cup, and the flesh should be firm, white and nut-like.

MILWAUKEE, Nov. 6.—Chairman Asker, of the Democratic State Central Committee has 53 scattering precincts giving a net Democratic gain of 1,842 and says the Democrats' estimate is more than reached so far. Chairman Payne, of the Republican State Central Committee, says the returns are too meagre to give estimates as yet.

BOSTON, Mass., Nov. 6.—One hundred and fifteen towns give Harrison 47,520, Cleveland 33,785, Fisk 2,648. Same towns in 1884 gave Blaine 38,428, Cleveland 28,778, Butler 6,367, St. John 2,061.

CHICAGO, Ill., Nov. 6.—Returns from Illinois outside of Chicago are very meagre. The few townships heard from show slight Republican gains for President, Republican Governor falling behind.

This was the wail of a man who had endured the tortures of "liver complaint" and dyspepsia for years; and he might have endured them for life, had he not heard that Dr. Piero's Golden Medical Discovery would make him a well man. He gave it a trial and was cured. Once he was hollow-eyed, emaciated, and slowly tottering toward the tomb; but now he is vigorous, robust and healthy. There is nothing that can compare with the "Discovery" as a nutritive agent for your stomach, constipation, impure blood and biliousness.

BEERS FOR CATTLE FEED.—W. H. Jackson, of Lander county, informs the Austin Rovelle that he planted a little patch in beans this year on the 16th of June to experiment, and for his pains he has stored away for his cattle 1,500 pounds of that vegetable, some of them weighing four pounds apiece. He claims that there is no other plant that will remove the alkali so quickly, that there is no better food for cattle, and that he will plant several acres next year and raise the beef extensively.

A NEW STYLE POSTAL CARD.—The Postoffice Department is soon to have a

like a double card of the present pattern. The back folds are split diagonally and open out like a four-pointed star. The four corners are folded in the center, when the card is ready for mailing, with a piece of gummed paper. The card weighs less than an ounce and contains no more writing space than the present the only advantage being greater privacy.

FINE TURKEYS.—Marion Valley is a fine country. They raise fine stock, large spuds, fine chickens, large children and heavy weight turkeys in that section. Mrs. Chris Hurnibon sent a pair of young turkeys to a friend in Hawthorne a week or so ago that weighed 32 pounds. The gobler weighed 23½ pounds and the hen 8½ pounds. Pretty fair birds.

### A DRAMATIC TREAT.

Advent of a Great Company in a choice Shakespearian Play.

Next Tuesday evening, the finest attraction that has ever visited Reno will appear, and the lovers of "the legitimate" will have an opportunity to gratify their taste for the higher grade of drama. On that date Mr. Louis James, the celebrated tragedy actor and his accomplished wife, Marie Wainwright, will appear in Sheridan Knowles' tragedy, "Virginius." These artists need no introduction to as intelligent a public as that of Reno, for although this is their first appearance here, they are well known by reputation, and their engagement is sure to be a great success; as an attraction of this kind is sure to draw out all lovers of the drama, and that means a crowded house. Mr. James is justly called the most versatile actor on the American stage, for during the time he has been upon the stage, he has played in every line of character, and has always been eminently successful. He has gained prominence as a member of Daly's Fifth Avenue theatre company, New York, when that famous company had among its members such distinguished people as Clara Morris, Fanny Davenport, Ada Dyas, Sarah Jewett, James Lewis and Frank Hardesty, many of whom have since become successful stars. He was afterwards a member of the celebrated Union Square theatre company in its palmy days and shared the leading roles with the late Charles R. Thorne, Jr.; and afterwards, for several years, he and his charming wife, acted as leading support to Lawrence Barrett, and while acting in that capacity they have always shared the honors with Barrett. Miss Wainwright created the part of "Francesca di Rimini" in the tragedy of that name, while with Barrett, and those who have seen her in that character will... remember it as one of the most beautiful characterizations ever upon the stage. About two years ago he and his wife left Barrett, and last season commenced their careers as stellar attractions, making their first appearance in "Virginius," a tragedy which has not been successfully played since the retirement and death of John McCullough (owing to the fact that some of our tragedians had the voice and physique suitable to its requirements,) and the performance of Mr. James of that role was at once received by the best citizens of this country with approval, and by the excellence of his acting at once became one of the leading attractions upon the boards.

### THANKSGIVING DAY.

The Proclamation of Issued by the President of the United States.

Proclamation by the President of the United States:

Constant thanksgiving and gratitude are due from the American people to the Almighty God for His goodness and mercy which has followed them since the day He made them a nation and vouchsafed to them free Government. With loving kindness He has constantly led us in the way of prosperity and greatness. He has not visited with swift punishment our shortcomings, but with gracious care he has warned us of our dependence upon His forebearance and has taught us that obedience to His holy law is the price of a continuance of his precious gifts. In acknowledgement of all that God has done for us as a nation and to the end that on an appointed day the united prayers and praise of a grateful country may reach the Throne of Grace, I, Grover Cleveland, President of the United States, do hereby designate and set apart Thursday, the 29th day of November, as a day of thanksgiving and prayer and songs of praise, to render thanks to God for all his mercies, for the abundant harvests which have rewarded the toil of the husbandman during the year that has passed, and for the rich rewards that have followed the labors of our people in their shops and their markets of trade and traffic. Let us give thanks for the peace and for the social order and contentment within our borders, and for our advancement in all that adds to a nation's greatness, and mindful of the afflictive dispensation with which a portion of our land has been visited, let us, while we humble ourselves before the power of God, acknowledge His mercy in setting bounds to the deadly march of the pestilence, and let our hearts be chastened by sympathy with our fellow countrymen who have suffered and who mourn.

And as we return thanks for all the blessings we have received from the hands of our Heavenly Father, let us not forget that He has enjoined upon us charity, and on this day of thanksgiving let us generously remember the poor and needy, so that our tribute of praise and gratitude may be acceptable to

### An Explanation.

What is this "nervous trouble" with which so many seem now to be afflicted? If you will remember a few years ago the word malaria was comparatively unknown,—to-day it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and malaria are intended to cover what our grandfathers called biliousness, and all are caused by troubles that arise from a diseased condition of the liver which, in performing its functions, finding it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, Malaria, Bilious Fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous.

### Advice to mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the old and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. ## 250 Beautiful Lots For Sale!

A RARE CHANCE FOR INVESTMENT AND A HOME

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Riverside Avenue Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the Tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

### RENO

Reno's geographical position is excellent. It is on the line of the Central Pacific Railroad, only 154 miles from Sacramento, and 244 miles from San Francisco. It is the terminus of the Virginia and Truckee Railroad running south, and of the Nevada and California Railroad running north. It has two Flouring Mills, Planing Mills, three Nurseries, a Soap Factory, Reduction Works, and other industries. A great Woolen Mill and a Sash, Door, Blind and Box Factory, are about to be established.

Reno has the Bank of Nevada with \$300,000 capital, and the First National Bank with \$200,000 capital. It has two fine papers in the DAILY and WEEKLY NEVADA STATE JOURNAL and the DAILY and WEEKLY GAZETTE.

Reno is the natural home of the Alfalfa, and therefore the great cattle headquarters of the State. Here are fed the prime beef for the California market. Reno potatoes are the best in the world, and she also excels in Strawberries and the small fruits. Reno Wheat took the first prize at the great New Orleans Exposition.

The State Fair is always held at Reno.

Reno is the County Seat of Lander County, the wealthiest county in Nevada.

### RENO

Has no equal in Nevada or California for salubrity of climate, wealth of soil, diversity of products and stability. Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in winter, and even and healthful in summer. There are no excessively heated or severely cold terms, and while the days may be warm in summer the nights are deliciously cool; in winter sleigh-riding is the exception and not the rule.

Facilities for irrigating surpass any in the state, and there is no failure of crops. Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools.

The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented. The Reno Gas Co. supplies gas for all purposes. The streets of Reno are lighted by electricity.

NEW ORLEANS, La.

I suffered with catarrh for many years and got so deaf that I went about my Museums, Circus and Theatre giving directions and doing business with a big ear-trumpet at the side of my head. It was very annoying to me and amusing to those who saw me. By the advice of physicians I sought the climate of the Sunny South. In six months I could see no change and was discouraged. At this time I began using Chalmer's English Catarrh Cure. In three months I felt a new man, in six months my hearing returned. I refused to give a testimonial at once for the English Catarrh Cure, as I feared it was not permanent. But a year and more has now passed, and I can now heartily indorse Chalmer's English Catarrh Cure for the cure of catarrh and deafness.
